Dear Chairwoman McRae:

RE: PETITION TO LEAVE TO INTERVENE - Docket 07-20

a) (i) Maryanne McGonegal, secretary, Common Cause of Delaware

Wilmington, DE 19802-3064

a) (ii) I am a lifelong resident of the state of Delaware and have actively participated in environmental matters during public hearings and have brought appeals of agency decisions. I am interested in the outcome of the proceeding because I am affected by the pollution emitted from the current power plants, particularly the Conectiv plant at Edgemoor, the second leading polluter in the state.

a) (iii) I am petitioning to be an intervenor because I am not convinced that my interests will be represented by the state in this docket. I have experience gained from participating in numerous environmental public hearings and appeals of agency environmental decisions, which has resulted in state decisions that are not protective of the public's health. My participation will be in the public's interest based on my history of attempting to represent the public during the aforementioned public hearings and appeals. I am not compensated nor have I received any personal benefit from participating in state environmental matters. The public deserves to be represented by persons who will speak on their behalf and who will not be swayed by the efforts of large polluters and their attorneys and lobbyists.

I have been granted intervenor status by the Federal Energy Regulatory Commission in the BP LNG case. (Docket Nos. CP04-411-00, CPO4-411-001, and CPO4-416-000).

- a) (iv) I am petitioning the Public Service Commission to grant relief in this matter by allowing me to intervene in this matter Docket No. 07-20**
(b) Petition filed with the Commission on Friday, February 23, 2007.

Thank you for your consideration of my request to intervene.

Sincerely,

Maryanne McGonegal
